🚧 Escarpment	

Ride 4: Exeter Loop 15km, Easy to Moderate.

A visit to the neighbouring village of Exeter through rolling farmland.
 Head across the pedestrian railway crossing to ride down Ellsmore Rd. After 1.4km you'll come to a T-junction. Turn left and after a further 1km the road becomes dirt for a short section - up then down with pretty rural views. Once back on the blacktop a 1.2km, steady hill gradually levels as you pass first Cornwall Rd then Sallys Corner Rd. 6km from starting you turn right into Middle Rd and thoughts might come to mind of milkshake or coffee at Exeter General Store. From the store, turn right and follow the main Exeter-Bundanoon road back to Bundanoon or cross the road in Exeter, go under the rail bridge and turn right to return to Bundanoon on the other side of the railway line.
